

ISCAID

Symposium 2026

DUBLIN, IRELAND

SCIENTIFIC PROGRAM

TUESDAY, SEPT 15

8:15-8:30

Welcome/Opening Remarks: Fellman

8:30-9:15

Mallada

Therapeutic Drug Monitoring of Antimicrobials:
Applying Human Experience to Veterinary Practice

9:15-10:00

Sykes

From Crops to Patients: Identification of Antifungal
Resistance in Medically-Important Fungi

10:00-10:30

BREAK

10:30-11:00

Whittaker

FCoV evolution and transmission dynamics.
Is FIP a transmissible disease?

11:00-11:20

Mayer

Genomes reveal transmission routes for cats with
avian influenza H5N1 clade 2.3.4.4.B, US, 2022-2025

11:20-11:40

Vandewoude

A novel technique for diagnosis and
characterization of feline immunodeficiency virus

11:40-12:00

Schäfer

Clinicopathological abnormalities and outcomes
of acute *Babesia canis* infections in dogs treated
with imidocarb dipropionate

12:00-1:20

Lunch at Radisson / ISCAID Business Meeting

1:20-1:40

Perandrés Estève

Diagnostic utility of immunohistochemistry on
cell-block fine-needle aspiration for feline
infectious peritonitis: a pilot study

1:40-2:00

Schäfer

Feline granulocytic anaplasmosis in Europe:
anamnesis, clinicopathological abnormalities,
levels of bacteremia, treatment and outcome

2:00-2:20

Crespo Bouzon

Diagnostic and prognostic value of inflammatory
biomarkers in GS-441524 treated cats with feline
infectious peritonitis

2:20-2:40

Yuan

Polypoid cystitis: clinical findings, response to
treatment and long-term outcomes, a
retrospective review

2:40-3:00

Tvede

Combined GS-441524 and GC376 Antiviral
Treatment of Cats with Feline Infectious Peritonitis

3:00-3:30

BREAK

3:30-3:50

Coggins

Pathogens with peritonitis: coinfections in
feline infectious peritonitis

3:50-4:10

Evans

Identifying barriers to use of legally-prescribed
antiviral therapy for FIP: caregiver survey

4:10-4:30

Coggins

Long-term follow-up of 334 cats treated for
feline infectious peritonitis with remdesivir
and GS-441524

Gala Dinner at Fire Steakhouse (Pre-reservations only) | 5:30 - 8:00

ISCAID 2026 IS MADE POSSIBLE BY OUR GENEROUS SPONSORS

ISCAID

Symposium 2026

DUBLIN, IRELAND

AMS PROGRAM

TUESDAY, SEPT 15

8:15-8:30

Welcome/Opening Remarks: Fellman

8:30-9:15

Mallada

Therapeutic Drug Monitoring of Antimicrobials:
Applying Human Experience to Veterinary Practice

9:15-10:00

Sykes

From Crops to Patients: Identification of Antifungal
Resistance in Medically-Important Fungi

10:00-10:30

BREAK

10:30-10:50

de Carvalho Ferreira

Evidence-based guidelines for antimicrobial
use: from practice to policy

10:50-11:10

Surendran Nair

Beyond breakpoints: embedding stewardship tiers
into antimicrobial susceptibility reporting

11:10-11:30

Frye

Antibiograms are underutilized and misinterpreted
by companion animal veterinarians

11:30-11:50

Frey

Veterinarians' perception of antimicrobial
stewardship resources are influenced by
educational format, practice norms and training

12:00-1:20

Lunch at Radisson / ISCAID Business Meeting

1:20-1:35

Arévalo Naranjo

Fecal shedding of antimicrobial resistant *E. coli* in
horses treated with ceftiofur and unexposed controls

1:35-1:50

Cazer

An observational study of antimicrobial
resistance emergence in cats following cefovecin
or amoxicillin-clavulanic acid treatment

1:50-2:05

O'Quin

An antimicrobial use survey of animal shelter
veterinarians and staff

2:05-2:20

Ferrara

Understanding antibiotic use
among commercial dog breeders

2:20-2:35

Granick

Antibiotic prescribing in US cats and dogs using
a large electronic health records database

2:35-2:50

Klepser

Tracking antimicrobial use in companion animals
using the collaboration to harmonized
antimicrobial registry measures (CHARM)

3:00-3:30

BREAK

3:30-3:45

KuKanich

Canine trimethoprim urine concentrations: an
option for urinary tract infections without sulfas

3:45-4:30

**Battersby, de Carvalho Ferreira,
Frey, and Mallada**

Panel Discussion: More than guidelines:
Prioritizing actionable steps to advance
stewardship

Gala Dinner at Fire Steakhouse (Pre-reservations only) | 5:30 - 8:00

ISCAID 2026 IS MADE POSSIBLE BY OUR GENEROUS SPONSORS

ISCAID

Symposium 2026

DUBLIN, IRELAND

SCIENTIFIC PROGRAM

WEDNESDAY, SEPT 16

8:30-8:50

Walden

Identifying genomic and protein sequence signatures of virulent systemic disease in feline calicivirus

8:50-9:10

Ad

Unraveling the epidemiology of canine uropathogenic *Escherichia coli* infections through whole genome sequence analysis

9:10-9:30

Buchta

Large cell lymphoma in four cats after successful treatment of feline infectious peritonitis with oral GS-441524

9:30-9:50

Evason

Fecal qPCR Detection Of *Heterobilharzia americana* In Domestic And Wild Dogs In The United States

10:00-10:30

BREAK

10:30-10:50

Stubbs

Survival of cats with acute cytotoxicosis treated with antithrombotics

10:50-11:10

Wang

Molecular prevalence and pathogenic characterization of hemotropic *Mycoplasma* in cats

11:10-11:30

Wyler

Investigating Public Acceptance of Policy Measures to Prevent and Combat Infectious Diseases in Pets

11:30-12:00

Worthing

From Petri dish to patient: translating phage research into veterinary medicine

12:00-1:00

Lunch at Radisson

1:00-1:20

Woods

Sensitivity and specificity of a serum 1,3- β -D-glucan assay for the diagnosis of invasive fungal infections in dogs

1:20-1:40

Coggins

Albumin-to-globulin ratio outperforms acute phase proteins in predicting treatment response in feline infectious peritonitis

1:40-2:00

LeCuyer

Carbapenem-resistant Enterobacterales colonization epidemiology and point prevalence in dogs

2:00-2:20

Hirsch

Volatilome analysis of nasal lavage specimens for non-invasive diagnosis of canine sinonasal aspergillosis

2:20-2:40

Frey

International survey of antimicrobial prophylactic practices for canine procedures

2:40-3:00

Cazer

The AMR visualizer: an open-source dashboard to create companion animal antibiograms and support antimicrobial stewardship

3:00-3:30

BREAK

3:30-3:50

Ishee

Evaluation of antiviral treatments for highly pathogenic avian influenza virus infections in feline species

3:50-4:10

Menchaca

Emergence and reversion of a novel mutation in feline coronavirus NSP12 following GS-441524 selection pressure

4:10-4:30

Brostoff

Development of a flow cytometry assay to measure immune correlates of protection against feline infectious peritonitis

Posters & reception - HALL 3 | Lite food & beverages | 4:30 - 6:00

ISCAID 2026 IS MADE POSSIBLE BY OUR GENEROUS SPONSORS

ISCAID

Symposium 2026

DUBLIN, IRELAND

CLINICIAN'S PROGRAM

WEDNESDAY, SEPT 16

8:30-9:00

Scahill & Coggins

ISCAID FIP Guideline Update: Re-assessing Antiviral Strategies Through a Spectrum of Care Lens

9:00-9:25

Stull

Infection prevention and control update

9:25-9:45

Granick

Prevalence of antimicrobial use in US small animal referral dermatology practices

9:45-10:00

Weese

Systemic chloramphenicol use surveillance in small animal veterinary clinics in the United States and Canada

10:00-10:30

BREAK

10:30-11:00

Beatty

What is the feline hepatitis B virus and does it make cats sick?

11:00-11:30

Daniel

Feline Sporotrichosis and *Sporothrix brasillensis*: A Global Emerging Threat

11:30-12:00

Jacobson

Canary in the Coal Mine: Streptococcal Outbreaks in Dogs and Cats

12:00-1:00

Lunch at Radisson

1:00-1:20

Meunier

Outcome of oral GS-441524 1:00-1:20: Woods, Sensitivity and specificity of a serum treatment in cats with FIP with or without adjunctive corticosteroids

1:20-1:40

Frosini

The intermediate category in fluoroquinolone susceptibility testing for MRSP: an illusion for the clinic

1:40-2:00

Weese

Evaluation of the prevalence of canine circovirus and its association with disease: a systematic review

2:00-2:20

Meunier

Frequency and outcome of immune-mediated manifestations in dogs with tick-borne diseases, a retrospective evaluation

2:20-2:40

Spiri

Longitudinal dynamics of feline calicivirus in cats treated with GS-441524 for feline infectious peritonitis

2:40-3:00

Alexander

A decade of feline infectious peritonitis testing in Australia: diagnostic trends and signalment

3:00-3:30

BREAK

3:30-3:50

Emdin

The incidence of vaccine-associated sarcomas in cats: a systematic review and meta-analysis

3:50-4:10

KuKanich

Dogma vs data – the potential for tetracyclines for UTI treatment in dogs

4:10-4:30

Weese

Antimicrobial prophylaxis for dental procedures; draft guidelines

Posters & reception - HALL 3 | Lite food & beverages | 4:30 - 6:00

ISCAID 2026 IS MADE POSSIBLE BY OUR GENEROUS SPONSORS

ISCAID

Symposium 2026

DUBLIN, IRELAND

SCIENTIFIC PROGRAM

THURSDAY, SEPT 17

9:00-9:20

Weese

Antimicrobial prophylaxis for arthroscopy in horses: a systematic review and meta-analysis

9:20-9:40

Thane

Survey of small animal prescribing practices utilizing self-reporting and standardized case vignettes

9:40-10:00

Diaz-Campos

Cascade antimicrobial susceptibility reporting improves stewardship-aligned antimicrobial selection in companion animal practice

10:00-10:30

BREAK

10:30-10:50

Allerton

Antimicrobial treatment of bacterial cystitis, evidence synthesis

10:50-11:10

Sasvari

Optimisation and characterisation of a nanoluciferase-encoding feline calicivirus as a molecular tool

11:10-11:30

Hartley

Identifying reasons for vaccine hesitancy in dog and cats owners in Tennessee

11:30-11:50

Nadya W

Estimated prevalence of selected vector-borne pathogens amongst shelter dogs in Indonesia

12:00 - 12:30

CLOSING REMARKS, AWARDS CEREMONY, & GROUP PHOTOGRAPH
AWARDS FOR BEST ORAL AND POSTER ABSTRACTS; NEXT STEPS

ISCAID

Symposium 2026

DUBLIN, IRELAND

CLINICIAN'S PROGRAM

THURSDAY, SEPT 17

9:00-10:00

Scahill & Jessen

A sneak peak at the updated ISCAID urinary tract guidelines revisions; recommendations, data, and definitions

10:00-10:30

BREAK

10:30-10:45

Daniel

How I screen and manage chronic gingivostomatitis in cats

10:45-11:00

Beatty

How I manage FIV-infected cats

11:00-11:20

Fellman

Randomized controlled trial of 3-day and 7-day amoxicillin treatment in dogs with sporadic bacterial cystitis

11:20-11:40

Dsouza

A clinical trial comparing two durations of amoxicillin for treating uncomplicated canine urinary tract infection

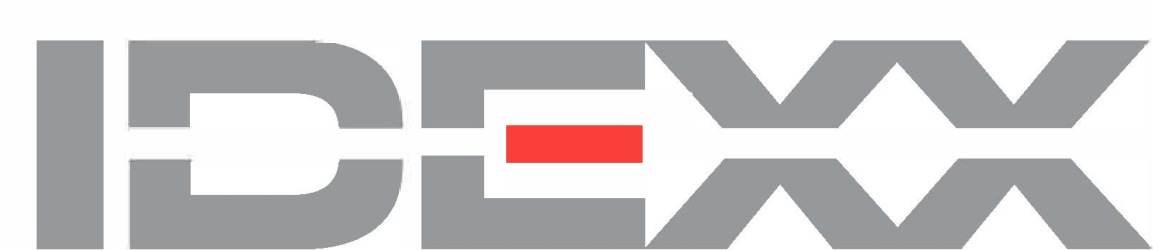

11:40-12:00

Reagan

FIP Combination therapy considerations

12:00 - 12:30

**CLOSING REMARKS, AWARDS CEREMONY, & GROUP PHOTOGRAPH
AWARDS FOR BEST ORAL AND POSTER ABSTRACTS; NEXT STEPS**

ISCAID

Symposium 2026

DUBLIN, IRELAND

POSTER SESSION

WEDNESDAY, SEPT 16

BATTERSBY Evaluation the impact of webinar-based teaching on applying antimicrobial susceptibility test results to clinical examples

CRISOLOGO SARS-COV-2 Omicron B.1.1.529 and Wuhan-HU-1 seroprevalence in US domestic cats several years after virus emergence (2024)

DE WITT CURTIUS Feline morbillivirus in cats with feline infectious peritonitis: longitudinal findings and genotype variation

DIAZ-CAMPOS Risk factors for surgical site infections in dogs and cats: a matched case control study

DSOUZA Antimicrobial resistance and prevalence of canine uropathogens from a Canadian veterinary diagnostic laboratory (2023-2025)

FRAZIER In-series testing for pathogenic versus non-pathogenic feline infectious peritonitis

FREY Educational resources reduce dog owners' intentions to seek antibiotics for treating canine acute diarrhea

FRYE Antimicrobial use increases the risk of third-generation cephalosporin-resistant *Escherichia coli* infections in cats

GALVAN Assessment of influenza A virus antibodies in domestic cats and hemagglutination inhibition using feline blood

GOMARD Targeting biofilm defense networks with thiol-based redox modulators relevant to companion animal UTIs

HUISMAN Recombinant VEEV RNA particle FeLV vaccine: safety, non-shedding profile and long-term protective efficacy

KLIMUK Untargeted nanopore-based sequencing of FIVC36 yields confident subtyping despite incomplete genome coverage

LU Clinical use of multi-donor oral fecal microbiota transplantation in feline chronic enteropathy and its impact on the resistome

LU Clinical utility of a point-of-case isothermal molecular assay for feline respiratory pathogens

LUDWIG Association between urine concentration and quantitative *Blastomyces* urine antigen concentration in dogs with blastomycosis

LYRAKI Clinical presentation, clinicopathological findings and outcome of 93 cats diagnosed with feline infectious peritonitis due to FCoV-23 in Cyprus

MATHYS Antimicrobial use guidelines: three versions for companion animals, equine, and farm animals

NEHRING Domestic cats show cross reacting antibodies to SARS-CoV-2 Wuhan-Hu-1 and Omicron variants on enzyme linked immunosorbent assays

REAGAN Development and evaluation of a CasRx-based SENSR assay for detection of feline coronavirus nucleic acid

RIQUELME First report of *Hepatozoon spp* and *Candidatus Mycoplasma haemominutum* co-infection in a cat in Balearic Islands

RUBIN Validation of a stove top pressure cooker to sterilize surgical instruments in Sri Lanka

SAAB Utility of ATP bioluminescence to inform effective cleaning and disinfection in small animal hospitals

SCAHILL Doxycycline duration and outcomes in feline granulocytic anaplasmosis: a multicentre cohort from Sweden

SCHÄFER Copy numbers of the S-adenosylmethionine synthetase (*metk*) gene in dogs with active *Leishmania infantum* infection

STULL Detection of carbapenemase-producing Enterobacterales fecal carriage in patients at Canadian veterinary teaching hospitals

STULL Impact of carbapenem-resistant Enterobacterales on United States and Canadian veterinary teaching hospitals

SVIDENSKY Systematic Evaluation of Clinically Relevant Antimicrobial Combinations Against Mono- and Polymicrobial Biofilms of *Escherichia coli* and *Enterococcus faecalis*: An In Vitro Canine Urinary Tract Infection Model

TAN Diagnostic utility of a loop-mediated isothermal amplification assay for rapid detection of *Babesia gibsoni* at the clinical point-of-care

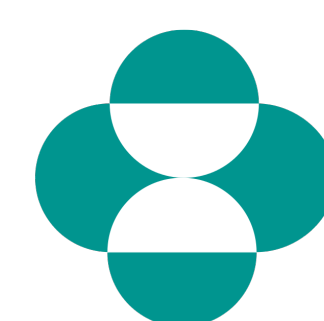

VALE Development of a framework for a European antimicrobial stewardship program for companion animals

W Prevalence of selected enteric parasites from shelter dogs and cats in Yogyakarta, Indonesia

WHITTAKER A novel cleavage-activation site (S1') in spike domain D of a recombinant canine-feline alphacoronavirus (FCoV-23)

WHITTAKER Isolation and characterization of *morbillivirus canis* (canine distemper virus) from raccoon brains: New York, 2022-2024

WINDAHL Clinical presentation and prognosis in 21 Swedish dogs with confirmed granulocytic anaplasmosis, a case series
